

## Product Datasheet

**Product code:** **EX2193**

**Product type:** Micro-shears and Micro-pliers

**Made in:** USA

**Description:** EX2193 is a music wire shear flush cutter designed specifically for cutting music wires and other types of hardened wires. It can be used to cut hardened and tempered Steel wires up to 12 AWG. Its shears employ a unique technology to carry out a clean and smooth cut. Providing this cutter with anti-shock shear cut features, in fact, this system greatly reduces mechanical shock to the component and requires the operator less effort to perform the cut. The shears are equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges.

**Head description:** Music Wire, Shear

**Cutting capacity:** soft wire 2.00 mm (12 AWG)

**Body material:** Carbon Steel (C)

**Handle material:** TPE + PP
