

Product Datasheet

Product code: **EX440**

Product type: Micro-shears and Micro-pliers

Made in: USA

Description: EX440 is a mini shear developed as ultra precise scissors. It cuts fine or delicate items with a clean, square edge. Its innovative design minimizes the operator's hand strain. Its shears employ a unique technology to carry out a clean and smooth cut. Providing this cutter with anti-shock shear cut features, in fact, this system greatly reduces mechanical shock to the component and requires the operator less effort to perform the cut. The shears are equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges.
