

Product Datasheet

Product code: **EXLX**

Product type: Micro-shears and Micro-pliers

Made in: USA

Description: EXLX is a micro shear flush cutter with an ultra slim profile, also equipped with extra tough high Carbon Steel blades, which allow access in high density areas. EXLX is sized for smaller hands and maximum maneuverability. Its shears employ a unique technology to carry out a clean and smooth cut. Providing this cutter with anti-shock shear cut features, in fact, this system greatly reduces mechanical shock to the component and requires the operator less effort to perform the cut. The shears are equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges.

Head description: Micro, Shear

Cutting edges: Flush

Cutting capacity: soft wire 1.29 mm (16 AWG)

Body material: Carbon Steel (C)

Handle material: TPE + PP

Picture:

Dimensions:

OAL (A)	127.0 mm – 5.000 inch
Width	50.0 mm – 1.969 inch
Height	13.0 mm – 0.512 inch

Head dimensions:

Width (C)	14.0 mm – 0.551 inch
Thickness (D)	2.5 mm – 0.098 inch
B	9.0 mm – 0.354 inch
